The Association of Recovery Community Organizations (ARCO) at Faces & Voices of Recovery is a membership association for Recovery Community Organizations (RCOs) which unites and supports the growing network of local, regional, and statewide recovery-focused peer-run organizations.

The National Recovery Institute (NRI) is a peer-run training and technical assistance center. Our mission is to increase the knowledge, capacity, and accountability of recovery support providers throughout the United States and territories.

The Council on Accreditation of Peer Recovery Support Services (CAPRSS) is the only accrediting body in the US specifically for Recovery Community Organizations (RCOs) and other programs offering addiction Peer Recovery Support Services (PRSS).

Advocacy, Research & Innovation

Advocating for the millions of people in and seeking recovery. From conversations to Congressional hearings, we work with constituents of recovery to create equitable services and brave spaces for people impacted by addiction, their friends and families, and the organizations that work to support them. On screen, or in-person, we advance evidence-informed practices.

The Recovery Data Platform (RDP) is a cloud-based software solution that provides RCOs and Peer Service Providers with the tools and assessments needed to effectively implement peer recovery coaching programs. Through the use of robust reporting and scheduling tools, RDP provides your organization with better outcomes data and service management tools.
